Hire Terms & Information

- **Weekly Hire Rate:** Calculated at 3x the daily rate for any 7-day period.
- **Long-Term Hire:** Projects exceeding 4 weeks are eligible for bespoke "Extended Project" discounts. Please contact us for a formal quote.
- **Support:** Rates include telephone support. On-site technical cover is available at the "Engineering" rates listed above.
- **Insurance:** The hirer must provide proof of "Hired-in" insurance covering the full replacement value of the equipment before dispatch.
- **Delivery:** Collection from our Liverpool warehouse or couriered transport at cost.

Technical Specification Notes

All Lawo mc² MkII cores are supplied with the Release 6.4.0 MxGui operating software and pre-configured for redundant MADI & RAVENNA workflows unless otherwise requested.

> **Note:** We also offer "Production Bundles" which include a 48 Fader console, router core and two stageboxes, all of which are fully redundant and offered at a discounted package rate.

Audio Flypack System:

- Lawo mc² MkII 48 Fader/12 Layer Console with heavy duty legs
- Lawo Nova 73 HD Core
- 4 x DSP Cards: Configured as 336 Inputs, 24 Main O/Ps, 32 Aux, 24 Groups
- 2 x Madi Cards: 16 SFP Single Mode Fibre connection with 64ch I/O
- 2 x Ravenna Cards: 8 128ch Streams (Fibre / CAT5e)
- 1 x 32ch AES Local IO
- 16 x 16 Local Analogue I/O
- Lawo Dallis Stagebox: 32 Mic/Line & 32 Line Out
- 2 x Lawo Dallis Stagebox: 24 Mic/Line & 8 Line Out
- System Engineering PC & Monitor running MX Gui
